October 2014

Summary

Introduction

[International Education Week](#) is an opportunity to celebrate the benefits of international education and exchange worldwide. This joint initiative of the U.S. Department of State and the U.S. Department of Education is part of our efforts to promote programs that prepare Americans for a global environment and attract future leaders from abroad to study, learn, and exchange experiences in the United States. Our activities will be held from November 17-21, 2014. This year is the 15th Anniversary!

The U.S. Department of State promotes [Passport to the World](#) during International Education Week, with activities for the entire month of November that encourage U.S. citizens to obtain their passports and take advantage of numerous resources to prepare for a safe, life-changing, and educational experience in another country. You can use the posts in this toolkit to promote your Passport to the World events and to share information about International Education Week, exchange program opportunities, getting a U.S. passport, and safe travel abroad.
